Let me start by saying I LOVE my XM Satellite Radio. I have been a subscriber for two years and have really appreciate the recently added traffic and weather service. This service is one of a kind and can not be found anywhere else. Since my job requires me to do a lot of driving the traffic service helps me plan my routes accordingly. Please reject the NAB's petition 04-160 and support xm's ability to provide these services which I choose to pay for and hear.
Thank You,

Carey W. Austin Jr.
